ABOUT US

Founded in 2025 by Ziad Fadel

BE in Civil & Environmental Engineering
American University of Beirut - AUB

MS in Civil Engineering
Texas A&M University - TAMU

20 years of construction experience in various aspects of civil engineering:

Enabling works: shoring (secant piles, anchors/ nails, Berlin walls, struts, dewatering, excavation)

Concrete / Infrastructure works

Finishing works: full ID & fit-out scope

Landscaping works: hard / soft scape

OUR BUSINESSES

ZF CONSTRUCTION

- Various civil and infrastructure works; full turnkey fit-out contracting scope, all-inclusive services from design to handover (finishing / ID and MEP items), delivering fully-operational spaces (residential, restaurants, offices, renovation, warehouses, etc.)
- Project management consultancy

Hard / soft scape contracting (including free non-profit plantation of public areas), eco-friendly solar photovoltaic solutions, etc.

ZF PUBLIC DONATIONS

- Based on public donations, free non-profit construction works to assist in repairing public / municipal damaged areas (roads safety / speed barriers, broken manholes, sidewalks, etc.)
- Full transparency in displaying all donations / expenditures on online website (can be audited upon request at any time)
